

# MOVE BEYOND THE HASHTAG PLEDGE

## PLEDGE OF ACTION

---

I pledge to use my voice as a powerful weapon against racial injustice and police brutality. I understand that injustice to some of us is injustice to all of us. I will partner with a program, initiative or organization whose values and mission directly align with mine to realize tangible change in our communities, nation and world. I acknowledge that silence is a weapon of the enemy and I vow to fight on the side of justice, equality and progress. We are stronger together.
